Alexander Caro

UX/UI designer, graphic designer and web developer

I design and code the same product. Since 2022 I've owned branding, UX/UI and frontend on real projects, and since 2024 I've run everything digital at Orbidental, a B2B dental distributor: the online store, Meta Ads campaigns, content and product photography. I'm looking for a team where design and code work together.

Experience

Digital Specialist: UX/UI, graphic design and Meta Ads

May 2024 — present

Orbidental SAS · Bogotá · Dental supplies distribution (B2B)

- **PageSpeed from 40 to 97** on a 3,000+ product e-commerce site: I redesigned the information architecture, checkout and product page as sole owner of UX/UI.
- **626 B2B leads at ~0.61 USD** each across 23 Meta Ads campaigns for two brands: 188K accounts reached and a 1.61% CTR, roughly 1.8× the industry average.
- **3,215 conversations** in Q1 2026 at ~84 COP per result, with more than 20 million Colombian pesos in sales directly attributed to the campaigns.
- **179K+ impressions and a 1,300% lift in clicks** to the website in 4 months, running content strategy and design for two brands with separate visual systems.
- Launch branding and video for brands in the portfolio: **DiaDent** (8 stories and 8 videos) and **Eighteeth** (a 7-video series for social media and a trade show).
- Product photography for 3,000+ SKUs, technical SEO and full management of the WooCommerce site.

Designer and art director, freelance

2022 — present

Independent · Clients across Latin America, the United States and Europe

- **5+ brand identities** built from scratch (logo, palette, typography and full system) for clients such as La Jungla Club and Rebel Street, and for my own brands such as AcelerArte.
- Complete identity and packaging concepts (ONCES, Hushwork, Double Notch, ¡HAY!) to develop brand systems from start to finish.
- **2 self-initiated digital products** designed and coded from research to production: MotoFaro (PageSpeed 99, technical SEO 100/100) and Pulse Digital.
- Direct work with founders across time zones, with no middlemen, from brief to final delivery.

Digital graphic designer
